DESCRIPTION

Now more comfortable with its new channel for those who wear glasses, better interior and renewed mechanism to operate the solar visor. City or highway are the natural territory of this light and silent helmet. Inside, soft fabrics favor the comfort. The unprecedented function of its original movement mechanism of visor up to let fresh air circulate continuously without disturbing your eyes is a great advantage for hot weather and to prevent the formation of fog. A specific channel for those who wear corrective lenses increases your well being. The lower chin and neck curtains perfectly closes the entrance to the wind avoiding the noise. It has a completely removable and washable interior. The ventilation system keeps your head tempered and favors your riding concentration. Two shells sizes guarantee a perfect fit and
